## Analyte List

### Analytes

---

BNP  
PTH Intact  
ACTH\*  
Calcitonin\*  
Procalcitonin\*

Designed to complement and support TECHNOPATH's Multichem Quality Control (QC) product range.

---

IAMQC Software provides Laboratory Managers and Technologists with a range of QC software tools to analyse their QC results in real-time. IAMQC Software products allow users to automate, centralise and standardise QC processes in a laboratory setting. Our combination of software modules satisfy the varying levels of QC requirements in individual laboratories and are easily tailored to meet different QC management expectations.
